PROFESSIONAL SUMMARY

Disciplined professional with a Master's in Computer Science and 4+ years of experience leading office operations, cross-functional team coordination, and secure data administration within international consulting frameworks. Adept at aligning with AI-native workflows, utilizing modern digital tools to streamline administrative processes, maintaining strict confidentiality, and protecting executive calendars. Combines technical proficiency in database systems and data management with rigorous attention to detail, clear communication, and proactive problem-solving to deliver high-leverage support for executive leadership.

CORE COMPETENCIES

Executive Support:	Calendar & Schedule Optimization, Cross-Functional Team Coordination, Diary Management, Meeting Prep, Travel & Logistics, Standard Operating Procedures (SOPs)
AI & Technical Skills:	Human+AI Workflow Adaptation, Task Automation Tools, High-Accuracy Data Entry & Verification, Database Management (MySQL, PHP), MS Office Suite
Professional Aptitude:	Data Protection & Confidentiality, Professional Copywriting & Proofreading, Project Planning, Multitasking & Priority Management, Stakeholder Communications

PROFESSIONAL EXPERIENCE

Office Manager and Data Manager Dorsch Impact GmbH (International Consulting Firm)	2021 – 2025
- Directed physical and remote office administration frameworks under executive guidance, ensuring cross-functional project operations ran seamlessly. - Managed daily executive correspondence, synchronized complex calendars, and aligned meeting schedules across internal teams and external stakeholders. - Handled high-volume data entry and updated internal data management sheets with high accuracy and strict quality control. - Prepared, formatted, and proofread operational performance logs, summaries, and executive-level reports with meticulous attention to detail. - Organized and maintained highly confidential corporate records, ensuring complete data discretion and alignment with data protection best practices. - Served as primary administrative liaison, utilizing clear written and verbal communication to manage email pipelines and inquiries for domestic and international staff.	
Assistant IT Officer Humza Development Foundation	2019 – 2020
- Administered on-site corporate data systems, accurately inputting data and updating record verification repositories. - Utilized digital office tools and Microsoft Excel to resolve administrative workflow bottlenecks and track operational progress. - Handled administrative documentation and supported data verification protocols while strictly respecting privacy and file security guidelines.	
Engineering Internee (Switching) PTCL - Islamabad	2018
Analyzed operational records and followed structured engineering and reporting protocols within large-scale technical infrastructure systems.
